

... when ordinary just won't do.
Protect your assets with form and function!

GRIFform® products made of
DuPont® Corian® feature:

- Versatile, non-porous surfaces
- Easy to clean, doesn't support microbial growth
- Durable yet beautiful profiles
- A full line of components
- Easy Installation
- Replacement and Maintenance costs are minimized
- Certified by NAHB Research Center

GRIFform® uses Corian® surface materials
which satisfy the new 2006 AIA Guidelines for
Design and Construction of Healthcare Facilities.
